

Beeville Stingers

In September 2007 David Bell and Gary Gray started riding the back roads of Beeville Texas. On October 20, 2007 We went to Goliad for our first bicycle Charity ride we did the 50 mile route. After that I was hooked on riding. David and I continued to ride together and we got to thinking that maybe there were other cyclist in Beeville. So we got the idea to try and put together a cycling club. We did this by just setting a ride date and inviting anyone to come ride with us and advertising it. On June 6th 2009 we had our first ride at Veterans Memorial Park. We had 12 cyclist show up for that inaugural ride. We had a 15 mile and a 30 mile route, David was ride master for the fifteen and I took the 30 mile group out. A few weeks later we called a meeting at the local Dairy Queen and at that meeting we became the Beeville Stingers Bicycling Club.
